

Dear Parent/Carer,

Alliance in Partnership (AiP) are very proud to be the chosen caterer for Holywell School. We provide nutritious healthy meals for all students to enjoy, and supplying them with all the nutrients and energy to see them through their busy day.

AiP specialises in education catering and have a vast amount of experience in this sector. We will be offering a wide selection of homemade food prepared on site, for both break time and lunch ensuring the offer is of a very high standard so students and staff enjoy the service. Every day there is a main or vegetarian with accompaniments priced at £2.10 to choose from at the server. There will also be daily guest dishes, sandwiches, baguettes, wraps, salad pots etc, which will be individually priced. We operate on a 3 week menu cycle. A full copy of our menu is included in your pack.

Payments should be made via Parent Pay, and students will complete their purchases via the newly installed cashless system. A letter explaining payment procedures should also be included in your pack.

Should your child have any dietary or allergy requirements you will need to fill out a dietary requirement form or carbohydrate form. This is then sent to Amy Teichman, Quality Assurance & Nutrition Manager, who will work with you to ensure menus are suitable for your child.
