1:1 & GROUP SUPPORT

Getting Support Groups and 1:1 Support Using Evidence Based Guided Self Help

Parent interventions

Anxiety: For Parents with Children aged 11 years or under – This intervention provides parents with anxiety management skills and strategies to support their child. It uses literature from “Helping Your Child with Fears and Worries” by Cathy Creswell and Lucy Willetts and incorporates Cognitive Behavioural Therapy techniques. Up to 8 Sessions.

Behaviour: For Parents with Children Under 7 Years of Age – This intervention provides parents with techniques designed to promote positive behaviour in children and overcome challenging behaviour. Up to 7 Sessions.

Teenage interventions

Anxiety: Delivered to Young People aged 12-17 Years– This intervention incorporates Cognitive Behavioural Therapy techniques to provide the young person with anxiety management skills and strategies to overcome difficulties. Up to 8 sessions.

Low Mood: Delivered to Young People aged 12-17 Years – This intervention uses Behavioural Activation to provide the young person with strategies to help with low mood. Up to 8 sessions.

Group interventions

Anxiety group: For Parents and Young People aged 8 to 12 Years– 4 group sessions which are 2 hours long and delivered fortnightly. The sessions incorporate Cognitive Behavioural Therapy techniques to help equip the young person and parent with strategies for managing child anxiety.

GETTING ADVICE WORKSHOPS

Our workshops are designed as a starting point for families with children who have low level difficulties.

If you are concerned that your child's problem is causing a moderate/severe impact on their life or they are presenting with risky behaviours (self-harm, suicidal ideations), the workshops will not address these concerns. If this is the case we would recommend making a CHUMS/CAMHS referral by visiting: [chums.uk.com/bedfordshire-and-luton-referral-forms](https://www.chums.uk.com/bedfordshire-and-luton-referral-forms)

To refer to the workshops, please complete our online registration form: www.chums.uk.com/fwt_workshops_form

Please visit our website for workshop dates and times: www.chums.uk.com/fwt_workshops

Please note, all workshops are one off and you will be discharged after the workshop.

If you do not attend the workshop, you will also be discharged. In order to be accepted onto a workshop, your child must be registered to a GP surgery in Central Bedfordshire, Bedford Borough or Luton.

GETTING ADVICE WORKSHOPS

Resiliency Workshops

- **0-5 Resiliency (parent only)** – One-off workshop to promote resiliency in the Early Years. Explores the importance of relationships, healthy attachments, emotional regulation, basic anxiety / behavioural strategies.
- **Primary Resiliency (parent only) & Secondary Resiliency (parent and child)** – Separate one-off workshops for each age group. Explores the following topics; mental health vs mental health problems, emotional regulation, psychoeducation on anxiety and low mood, strategies for relaxation.

Sleep Workshops
